Please disclose the name/s of the person/s who nominated the candidates for independent directors and their relationship.	Please refer to page 8 of the DIS.
	Certain Relationships and Related Transactions		Information should be as of December 31, 2016. Please provide a brief discussion in the Information Statement.	We take note of the Commission's comments. However, please note that we are not able to attach the Audited Financial Statement ("AFS") as of and for the year ended December 31, 2016 with Management Discussion and Analysis to the DIS considering that the AFS is not yet available as of the time of the submission of the DIS. Kindly refer to our undertaking stated on page 13 of the DIS.
	(SEC MC No. 14, Series of 2004)			
	(1) In addition to the disclosures in the financial statements which are required under SFAS/IAS No. 24 on the Related Party Disclosures, registrant shall describe under this item the elements of the transactions that are necessary for an understanding of the transactions' business purpose and economic substance, their effect on the financial statements, and the special risks or contingencies arising from these transactions. The Commission consider the discussion of the following to be necessary.			
	(a) the business purpose of the arrangement;			
	(b) identification of the related parties transaction business with the registrant and nature of the relationship;			
	(c) how transaction prices were determined by parties;			
	(d) if disclosures represent that transactions have been evaluated for fairness, a description of how the evaluation was made; and			
	(e) any ongoing contractual or other commitments as a result of the arrangement.			
	(2) The disclosure shall also include information about parties that fall outside the definition "related parties" under SFAS/IAS No. 24, but with whom the registrants or its related parties have a relationship that enables the parties to negotiate terms of			

		material transactions that may not be available from other, more clearly independent, parties on an arm's length basis. For example, an entity may be established and operated by individuals that were former senior management of, or have some other current or former relationship with, a registrant. The purpose of the entity may be to own assets used by the registrant or provide financing or services to the registrant. Although former management or persons with other relationships may not meet the definition of a related party pursuant to SFAS/IAS 24, the former management positions may result in negotiation of terms that are more or less favorable than those available on an arm's-length basis from clearly independent third parties that are material to the registrant's financial position or financial performance.			
		In some cases, investors may be unable to understand the registrant's reported results of operations without a clear explanation of these arrangements and relationships. Items of similar nature may be disclosed in aggregate except when separate disclosure is necessary for an understanding of the effects of related party transactions on the financial statements

EXPLANATION AND RATIONALE

For each item on the Agenda of Golden Haven Memorial Park, Inc.'s 2017 ASM requiring the approval of the stockholders

1. President's Report, Management Report and Audited Financial Statements for the year 2016

The audited financial statements ("AFS") of the Company as of and for the year ended December 31, 2016, a copy of which is incorporated in the Information Statement for this meeting, will be presented for approval by the stockholders. To give context to the AFS and bring to the stockholders' attention the highlights of the said FS, the President, Mr. Jerry M. Navarrete, will deliver a report to the stockholders on the Company's performance for the year 2016 and the outlook for 2017.

The Board and Management of the Company believes that in keeping with the Company's thrust to, at all times observe, best corporate governance practices, the results of operations and financial condition of the Company be presented and explained to the stockholders. Any comments from the stockholders, and their approval or disapproval of these reports, will provide guidance to the Board and Management in running the business and affairs of the Company.

2. Ratification of all acts and resolutions of the Board of Directors and Management for the year 2016 until 31 March 2017

Ratification by the stockholders will be sought for all the acts and the resolutions of the Board of Directors and all the acts of Management taken or adopted for the year 2016 until March 31, 2017. A brief summary of these resolutions and actions is set forth in the Information Statement for this meeting. Copies of the minutes of the meetings of the Board of Directors are available for inspection by any stockholder at the principal office of the Company during business hours.

The Board and Management of the Company believes that in keeping with the Company's thrust to at all times observe best corporate governance practices, the ratification of their acts and resolutions be requested from the stockholders in this annual meeting. Such ratification will be a confirmation that the stockholders approve of the manner that the Board and Management have been running the business and affairs of the Company.

3. Election of the members of the Board of Directors, including the Independent Directors, for the year 2017

The Corporate Secretary will present the names of the persons who have been duly nominated for election as directors and independent directors of the Company in accordance with the By-Laws and Manual on Corporate Governance of the Company and applicable laws and regulations. The voting procedure is set forth in the Information Statement for this meeting.

4. Approval of the Change of Date, Time and Venue of the Annual Meeting of the Stockholders, as set forth in Section 1 of Article II of the Company's Amended By-laws

The Company will seek the approval of its stockholders to change the date, time and venue of the Company's annual meeting of the stockholders (as set forth in Section 1 of Article II of the Company's Amended By-laws) as follows:

- a) the date and time of the Company's annual meeting of the stockholders will be changed from "the first Saturday of April of every year, at 4 o'clock in the

afternoon” to “the 15th of July each year, if falls on Saturday, Sunday or holiday, on the following business day, at any time of the day”; and

- b) the venue of the Company’s annual meeting of the stockholders will be changed from “the principal office of the corporation” to “the principal office of the Company or at any place designated by the Board of Directors in the city or municipality where the principal office of the Company is located”.

5. Approval of the Change of Venue of the Special Meeting of the Stockholders

The Company will seek the approval of its stockholders to change the venue of any special meeting of the stockholders of the Company (as set forth in Section 2 of Article II of the Company’s Amended By-laws) from “the principal office of the corporation” to “the principal office of the Company or at any place designated by the Board of Directors in the city or municipality where the principal office of the Company is located”.

6. Appointment of External Auditors

The Audit Committee is endorsing to the stockholders the re-appointment of Punongbayan & Araullo as external auditor of the Company for the year 2017.

** Meetings of the board since the Company was listed in the Philippine Stock Exchange on June 29, 2016*

All of the incumbent directors named above have been nominated for re-election to the Board of Directors and, if elected, shall serve as directors until the election and acceptance of their duly qualified successors.

The By-Laws of the Registrant conforms with SRC Rule 38, as amended, with regard to the nomination of independent directors of the Registrant. Article III, Sections 2 and 9 of the Registrant's By-Laws provide as follows:

“Section 2. Independent Directors – There shall be at least two (2) independent directors or such number of independent directors that constitutes twenty percent (20%) of the members of the Board, whichever is lesser, but in no case less than two (2). For this purpose, an independent director shall mean a person other than an officer or employee of the corporation, its parent or subsidiaries, or any other individual having relationship with the corporation, which would interfere with the exercise of independent judgment in the fulfillment of the responsibilities of a director and as may be further defined by law or regulations from time to time.

The conduct of election of independent directors shall be in accordance with the standard election procedures for regular directors as provided in these By-Laws, subject to such rules as may be required by law or regulation from time to time.

It shall be the responsibility of the Chairman of the Meeting to inform all stockholders in attendance of the mandatory requirement of electing independent directors, and to ensure that independent directors are elected during the stockholders' meeting.

Specific slots for independent directors shall not be filled up by the unqualified nominees.

In case of failure of election for independent director, a separate election shall be called to fill up the vacancy. *(As amended on March 21, 2016).*

Section 9. Nomination Committee - The Nomination Committee of the Board shall have at least three (3) members all of whom should be directors and at least one of whom shall be an independent director. The Nomination Committee shall promulgate the guidelines for the nomination and screening of the regular and independent directors consistent with the current requirements of applicable laws or regulations.

Only a stockholder of record entitled to notice and to vote at the regular or special meeting of the stockholders for the election of directors shall be qualified to be nominated and elected as a regular or independent director of the Corporation. *(As*

amended on March 21, 2016).

On the other hand, SRC Rule 38, as amended, provides in part as follows:

“8. Nomination and Election of Independent Director/s

The following rules shall be applicable to all covered companies:

- A. The Nomination Committee (the "Committee") shall have at least three (3) members, one of whom is an independent director. It shall promulgate the guidelines or criteria to govern the conduct of the nomination. The same shall be properly disclosed in the Registrant's information or proxy statement or such other reports required to be submitted to the Commission.
- B. Nomination of independent director/s shall be conducted by the Committee prior to a stockholders' meeting. All recommendations shall be signed by the nominating stockholders together with the acceptance and conformity by the would-be nominees.
- C. The Committee shall pre-screen the qualifications and prepare a final list of all candidates and put in place screening policies and parameters to enable it to effectively review the qualifications of the nominees for independent director/s.
- D. After the nomination, the Committee shall prepare a Final List of Candidates which shall contain all the information about all the nominees for independent directors, as required under Part IV (A) and (C) of Annex "C" of SRC Rule 12, which list, shall be made available to the Commission and to all stockholders through the filing and distribution of the Information Statement, in accordance with SRC Rule 20, or in such other reports the Registrant is required to submit to the Commission. The name of the person or group of persons who recommended the nomination of the independent director shall be identified in such report including any relationship with the nominee.
- E. Only nominees whose names appear on the Final List of Candidates shall be eligible for election as Independent Director/s. No other nominations shall be entertained after the Final List of Candidates shall have been prepared. No further nominations shall be entertained or allowed on the floor during the actual annual stockholders'/memberships' meeting.”

The Registrant has complied with the guidelines on the nomination and election of independent directors set forth in Rule 38 of the Amended Implementing Rules and Regulations of the Securities Regulation Code. The nominated independent directors, namely, Atty. Ana Marie V. Pagsibigan and Atty. Garth F. Castañeda duly nominated by Ms. Rosario Javier, a registered shareholder of the Registrant who is not a director, officer or substantial shareholder of the Registrant and who is not related to either of the said nominees. The Nominations Committee of the Registrant is composed of Frances Rosalie T. Coloma, Chairman, and Jerry M. Navarrete and Ana Marie V. Pagsibigan, members.

Directors elected during the annual meeting of stockholders will hold office for one year until their successors are duly elected and qualified. A director who was elected to fill any vacancy holds office only for the unexpired term of his predecessor.

No director has resigned or declined to stand for re-election to the Board of Directors since the date of the last annual stockholders' meeting due to disagreement with the Registrant on any matter relating to the Registrant's operations, policies or practices.

Other than its executive officers, no other employee is expected to make a significant contribution to the business of the Company.

To the best knowledge of the Company, none of its directors and executive officers, or persons nominated to such positions, is related to the others by consanguinity or affinity within the fourth civil degree.

Except as disclosed in the Annual Report of the Registrant (SEC Form 17-A) for the year ended December 31, 2016, the Registrant has not had any transaction during the last two (2) years in which any director or executive officer of the Company or any of their immediate family members had a direct or indirect interest.

None of the aforementioned directors or executive officers is or has been involved in any criminal or bankruptcy proceeding, or is or has been subject to any final judgment of a competent court barring or otherwise limiting his involvement in any type of business, or has been found to have violated any securities laws during the past five (5) years and up to the date of this Information Statement.

As of the date of this Information statement, several parcels of land forming part of the Company's Golden Haven Iloilo Park, with an aggregate land area of approximately five hectares and which were previously classified as agricultural lands, are presently subject of land use conversion proceedings initiated by the Company (or at its instance) with the DAR.

The application for land use conversion was submitted by the previous owners of the land (who remain the registered owners thereof), and covers six parcels of land with an aggregate land area of approximately five hectares, all located and forming part of the Golden Haven Iloilo Park, as follows:

Lot No.	Title No.	Area Applied for Conversion
69-D	T-18886	0.1248
4-B	T-213822	0.5482
1043-B	T-205191	0.9729
1036-B	T-205195	1.9325
1055	T-11185	0.7834
1044	T-25808	0.6382
Total		5.0000

Under prevailing law, the approval by the DAR is necessary for the reclassification or conversion of the use of lands from agricultural to non-agricultural use. Otherwise, developers of lands previously classified as agricultural lands may be made subject to sanctions imposed by the DAR and may be prevented from undertaking any non-agricultural activities on such lands.

The Company believes that the application for the land use conversion over the relevant lands forming part of the Golden Haven Iloilo Park will be approved by the DAR in due course, considering that such lands have long been re-classified and rezoned for non-agricultural purposes by the applicable legislative bodies of the relevant local government units. Further, as of the date of this Prospectus, the Company holds all the requisite permits to develop and sell such lands as memorial park lots (including the development permit from the local governments of Iloilo and the permit to sell from the HLURB).

Nevertheless, in the event that the application for the land use conversion over the relevant lands forming part of the Golden Haven Iloilo Park is denied or otherwise disapproved by the DAR, the Company may be exposed to sanctions imposed by the DAR and may be prevented from undertaking (or continuing to undertake) its development activities within the affected area of the Golden Haven Iloilo Park, either of which, in turn, may adversely affect the Company's results of operations, business and financial performance. Other than the foregoing, the Company is not involved in, or the subject of any legal proceedings which, if determined adversely against the Company, would have a material effect on its business, operations or financial standing.

Standard arrangements

Each director of the Company receives a per diem of ₱10,000 determined by the Board of Directors for attendance in a Board meeting and a ₱10,000 allowance for attendance in a committee meeting (except for independent directors).

Other arrangements

Except for each of the individual Directors' participation in the Board, no Director of the Company enjoys other arrangements such as consulting contracts or similar arrangements.

Employment contract between the company and executive officers

There are no special employment contracts between the Company and the named executive officers.

Warrants and options held by the executive officers and directors

There are no outstanding warrants or options held by the Company's CEO, the named executive officers, and all officers and directors as a group.

Significant employee

While the Company values the contribution of each of its executive and non-executive employees, the Company believes there is no non-executive employee that the resignation or loss of whom would have a material adverse impact on the business of the Company. Other than standard employment contracts, there are no special arrangements with non-executive employees of the Company.

Certain relationships and related transactions

The Company, in the ordinary course of its business, engages in transactions with related parties. The Company's policy with respect to related party transactions is to ensure that these transactions are entered into on terms comparable to those available from unrelated third parties.

For further information on the Company's related party transactions, including detailed breakdowns of amounts receivable from and amounts payable related to parties, see Note 16 of the Company's financial statements as of September 30, 2016 included in this report.

Independent Public Accountants

The auditing firm of Punongbayan & Araullo is being recommended for election as external auditor for the current year.

Representatives of the said firm are expected to be present at the annual stockholders' meeting and will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions. In 2016, the Registrant's auditors did not perform any substantial non-audit services for the Registrant.

Changes in and Disagreement with Accountants on Accounting and Financial Disclosure

Since the incorporation of the Registrant in 1982, there was no instance where the Registrant's public accountants resigned or indicated that they decline to stand for re-election or were dismissed nor was there any instance where the Registrant had any disagreement with its public accountants on any accounting or financial disclosure issue.

The 2015 audit of the Registrant is in compliance with paragraph (3)(b)(iv) of SRC Rule 68, as amended, which provides that the external auditor should be rotated, or the handling partner changed, every five (5) years or earlier. A two-year cooling off period is observed in the re-engagement of the same signing partner.

For Changes in Accounting Policies, refer to Note 2 – Adoption of New and Amended PFRS under Summary of Significant Accounting Policies discussion on the Financial Statements as of and for the quarter ended September 30, 2016 included in this report.

Audit Committee's Approval Policies and Procedures

In relation to the audit of the Registrant's annual financial statements, the Registrant's Corporate Governance Manual provides that the Registrant's Audit Committee shall, among other activities, (i) evaluate significant issues reported by the external auditors in relation to the adequacy, efficiency and effectiveness of policies, controls, processes and activities of the Registrant; (ii) ensure that other non-audit work provided by the external auditors are not in conflict with their functions as external auditors; and (iii) ensure the compliance of the Registrant with acceptable auditing and accounting standards and regulations. The Audit Committee of the Registrant is composed of Cynthia Delfin, Chairman, and Maribeth C. Tolentino and Garth F. Castañeda, members.

Voting Procedures

Manner of voting

In all items for approval, except in the election of directors, each share of stock entitles its registered owner to one vote.

For the purpose of electing directors, a stockholder may vote such number of his shares for as many persons as there are directors to be elected or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of his shares shall equal, or he may distribute them in the same principle among as many candidates as he shall see fit.

Unless required by law, or demanded by a stockholder present or represented at the meeting and entitled to vote thereat, voting need not be by ballot and will be done by show of hands.

Voting requirements

- (a) With respect to the election of directors, candidates who received the highest number of votes shall be declared elected.
- (b) With respect to the adoption of the Audited Financial Statements for the year ended 31 December 2016, as well as the approval or ratification of the other actions set forth under the heading “Other Proposed Actions” above, the vote of majority of the outstanding capital stock entitled to vote and represented in the meeting is required to approve such matters.

Method of counting votes

The Corporate Secretary will be responsible for counting votes based on the number of shares entitled to vote owned by the stockholders who are present or represented by proxies at the annual meeting of the stockholders.

UPON THE WRITTEN REQUEST OF A STOCKHOLDER, THE REGISTRANT UNDERTAKES TO FURNISH SAID STOCKHOLDER A COPY OF SEC FORM 17-A FREE OF CHARGE, EXCEPT FOR EXHIBITS ATTACHED THERETO WHICH SHALL BE CHARGED AT COST. ANY WRITTEN REQUEST FOR A COPY OF SEC FORM 17-A SHALL BE ADDRESSED AS FOLLOWS:

III. MANAGEMENT'S DISCUSSION AND ANALYSIS

The management's discussion and analysis for this information statement is based on data available as of March 1, 2017. The AFS as of and for the year ended December 31, 2016 was not yet available as of this information statement's publication date.

REVIEW OF 9-MONTHS OF 2016 VS 9-MONTHS OF 2015

RESULTS OF OPERATIONS

Revenues

Real estate sales

The company recorded **₱ 570.24 million** in real estate sales for the 9-months of 2016, a **20%** increase from **₱ 474.96 million** from the same period in 2015. The growth was mainly attributable to the increase of sales of columbarium vaults and memorial lots.

Interment income

There was a **28%** increase in income from interment services, to **₱ 20.18 million** in 9-months of 2016 from **₱ 15.79 million** in the same period 2015. The increase was attributable to the increase in the number of services rendered in 9-months 2016, compared to 2015.

Interest income on contract receivables

Income from interest on contract receivables increased by **10%**, to **₱ 16.93 million** in 9-months of 2016 from **₱ 15.37 million** in 9-months of 2015. The increase is due to the increase in the sales or account recorded for the 9-months of 2016 compared to the same period previous year.

Costs and Expenses

Costs of sales and services

The **13%** increase in cost of sales and services, to **₱ 238.19 million** in 9-months of 2016 from **₱ 210.39 million** in 9-months 2015, was due to the increase of sales and services in the period.

Other operating expenses

An increase of **21%** in other operating expenses, to **₱ 189.83 million** in 9-months 2016 from **₱ 156.94 million** in 9-months of 2015 was mainly due to the following:

- Increase in salaries and wages from **₱ 31.89 million** in 9-months of 2015 to **₱ 43.46 million** in 9-months of 2016 due mostly to an increase in manpower hired by the company due to the expansion to new areas
- Increase in commission from **₱ 36.72 million** in 9-months of 2015 to **₱ 45.56 million** in 9-months of 2016 due to an increase in the number of sales in the period compared to same period previous year.
- Increase in taxes and licenses from **₱ 1.58 million** in 9-months of 2015 to **₱ 9.57 million** in 9-months of 2016 due to the taxes and registration fees related to the Company's bilateral loan.

Other Income – Net

Other income – net increased by **7%**, to **₱ 14.20 million** in 9-months of 2016 from **₱ 13.26 million** in 9-months of 2015. This was due to a parallel increase in sales forfeitures and other fees normally brought about by the higher sales recorded for 9-months of 2016 compared to 9-months of 2015.

Tax Expense

The Company's tax expense increased by **27%**, to **₱ 58.05 million** for 9-months of 2016 from **₱ 45.61 million** for 9-months of 2015. This was attributable to the higher taxable income base in 9-months of 2016 compared to the same period from the previous year.

Net Income

As a result of the movements above, total net profits increased by **27%**, to **₱ 135.46 million** from **₱ 106.43 million** recorded in 9-months of 2015.

For the 9-months of 2016, there were no seasonal aspects that had a material effect on the financial condition or results of the operations of the Company. Neither were there any trends, events, or uncertainties that have had or are reasonably expected to have a material impact on the net sales or revenues or income from continuing operations. The Company is not aware of events that will cause a material change in the relationship between the costs and the revenues.

There are no significant elements of income or loss, which arise from the Company's continuing operations.

REVIEW OF YEAR END 2015 VS YEAR END 2014

RESULTS OF OPERATIONS

Revenues

Real estate sales

Real estate sales grew from **₱ 555.44 million** for the year ended December 31, 2014 to **₱ 650.80 million** for the year ended December 31, 2015, representing an increase of **17%**. The growth was primarily due to the increase in the sale of memorial park lots and columbarium vault for the year.

Interment income

Interment income grew to **₱ 21.50 million** for the year ended December 31, 2015 from **₱ 19.70 million** for the year ended December 31, 2014, representing an increase of **9%**. This increase in interment income was mainly attributable to an increase in the number of services for the year.

Interest income on contracts receivables

Interest income on contract receivables increased by **5%** to **₱ 20.50 million** for the year ended December 31, 2015 from **₱ 19.59 million** for the year ended December 31, 2014. The increase in interest income was primarily due to higher sales on account posted for the year.

Costs and Expenses

Cost of sales and services

Cost of sales and services increased to **₱ 293.15 million** for the year ended December 31, 2015 from **₱ 250.52 million** for the year ended December 31, 2014, representing an increase of **17%**. The increase in cost of sales and services was primarily attributable to increase in sales of memorial park lots and columbarium vaults for the year.

Other operating expenses

Other operating expenses increased to **₱ 203.97 million** for the year ended December 31, 2015 from **₱ 150.57 million** for the year ended December 31, 2014, representing an increase of **35%**. This was mainly due to the following:

- Increase in salaries and wages from **₱ 31.97 million** for the year ended December 31, 2014, to **₱ 44.71 million** for the year ended December 31, 2015, due to additions to the Company's manpower complement.
- Increase in commission from **₱ 38.88 million** for the year ended December 31, 2014, to **₱ 50.58 million** for the year ended December 31, 2015, due to higher sales for the year.
- Increase in promotions from **₱ 13.17 million** for the year ended December 31, 2014, to **₱ 18.78 million** for the year ended December 31, 2015, due to higher sales for the year.

Other Income – net

Other income – net increased to **₱ 20.65 million** for the year ended December 31, 2015 from **₱ 12.85 million** for the year ended December 31, 2014, representing an increase of **61%**. The increase in other income was mainly attributable to the increase in forfeited sales for the year.

Tax Expense

Tax expense increased to **₱ 65.22 million** for the year ended December 31, 2015 from **₱ 61.87 million** for the year ended December 31, 2014, representing an increase of **5%**. The increase in tax expense was mainly attributable to the higher tax base for the year.

Net Income

The foregoing factors resulted in an increase in net profit to **₱ 151.12 million** for the year ended December 31, 2015 from **₱ 144.63 million** for the year ended December 31, 2014, representing an increase of **5%**.

For the year ended December 31, 2015, there were no seasonal aspects that had a material effect on the financial condition or results of operations of the Company. Neither were there any trends, events or uncertainties that have had or that are reasonably expected to have a material impact on the net sales or revenues or income from continuing operations. The Company is not aware of events that will cause a material change in the relationship between the costs and revenues.

There are no significant elements of income or loss that did not arise from the Company's continuing operations.

FINANCIAL CONDITION

As of December 31, 2015 vs. December 31, 2014

Total assets as of December 31, 2015 amounted to **₱ 1,787.10 million** compared to **₱ 1,666.56 million** as of December 31, 2014, representing a **7% increase**. This was due to the following:

- Cash and cash equivalents grew by **42%** from **₱ 80.66 million** as of December 31, 2014 to **₱ 114.64 million** as of December 31, 2015, arising from higher cash generated from operations for the year.
- Total contracts receivable, including non-current, increased by **17%** from **₱ 1,087.85 million** as of December 31, 2014 to **₱ 1,274.09 million** as of December 31, 2015, primarily due to increased sales on account of memorial park lots and columbarium niches for the year.
- Due from related parties decreased by **66%** from **₱ 206.90 million** as of December 31, 2014 to **₱ 70.21 million** as of December 31, 2015, due to collections made during the year.

- Memorial lot inventories – net increased by **6%** from **₱ 205.02 million** as of December 31, 2014 to **₱ 217.77 million** as of December 31, 2015, as a result of the launch of additional phases in the Company's various projects for the year.

- Other current assets increased by **76%** from **₱ 8.16 million** as of December 31, 2014 to **₱ 14.35 million** as of December 31, 2015, due primarily to the increase in the Deferred Input VAT.
- Property and equipment – net increased by **8%** from **₱ 22.87 million** as of December 31, 2014 to **₱ 24.79 million** as of December 31, 2015, attributable to acquisitions for the year.
- Investment properties decreased by **12%** from **₱ 46.92 million** as of December 31, 2014 to **₱ 41.33 million** as of December 31, 2015, as a result of reclassification to memorial lot inventory due to the change in use and intention for the asset.

Total liabilities as of December 31, 2015 amounted to **₱ 1,352.44 million** compared to **₱ 582.95 million** as of December 31, 2014, representing a **132% increase**. This was due to the following:

- Interest bearing loans, including non-current portion, amounted to **₱ 9.02 million** for the year ended December 31, 2015. The Company had no loans for the year ended December 31, 2014.
- Trade and other payables grew from **₱ 217.93 million** as of December 31, 2014 to **₱ 264.24 million** as of December 31, 2015, a **21%** increase, primarily on account of the increase in raw lands payable.
- Customers' deposits decreased from **₱ 7.13 million** as of December 31, 2014 to **₱ 5.93 million** as of December 31, 2015, a **17%** decrease, due to recognition to Revenue.
- Dividends payable amounted to **₱ 650 million** for the year ended December 31, 2015, representing cash dividends declared amounting to **₱ 800 million** net of the advances to the shareholders.
- Income tax payable increased by **252%** from **₱ 4.25 million** as of December 31, 2014 to **₱ 14.95 million** as of December 31, 2015, primarily due to the higher tax base.
- Retirement benefit obligations decreased by **69%** from **₱ 0.25 million** as of December 31, 2014 to **₱ 0.08 million** as of December 31, 2015, due to actuarial adjustment.
- Deferred tax liabilities – net increased by **17%** from **₱ 219.53 million** as of December 31, 2014 to **₱ 255.98 million** as of December 31, 2015, due to the increase in the temporary differences resulting to a potential tax liability in the future.
- Reserve for perpetual care grew by **14%** from **₱ 133.86 million** as of December 31, 2014 to **₱ 152.25 million** as of December 31, 2015, due to higher sales on account recorded for the year within which the fund for those sales are yet to be remitted to the trustee.

Total stockholder's equity decreased by **60%**, from **₱ 1,083.60 million** as of December 31, 2014 to **₱ 434.66 million** as of December 31, 2015. This was primarily attributable to the decrease in retained earnings by **61%** from **₱ 1,066.08 million** as of December 31, 2014 to **₱ 417. 19 million** as of December 31, 2015, as a result of declaration of dividends.

REVIEW OF YEAR END 2014 VS YEAR END 2013

RESULTS OF OPERATIONS

Revenues

Real estate sales

Real estate sales grew to **₱ 555.44 million** for the year ended December 31, 2014 from **₱ 478.41 million** for the year ended December 31, 2013, representing an increase of **₱ 77.03 million** or **16%**. The growth was primarily due to the increase in the sale of memorial lots and columbarium niches for the year.

Interment income

Interment income grew to **₱ 19.70 million** for the year ended December 31, 2014 from **₱ 17.38 million** for the year ended December 31, 2013, representing an increase of **13%**. This increase in interment income was mainly attributable to an increase in the number of services rendered for the year.

Costs and Expenses

Cost of sales and services

Cost of sales and services increased to **₱ 250.52 million** for the year ended December 31, 2014 from **₱ 229.94 million** for the year ended December 31, 2013, representing an increase of **9 %**. The increase in cost of sales and services was primarily attributable to an increase in sales of memorial lots and columbarium niches for the year.

Other operating expenses

Operating expenses increased to **₱ 150.57 million** for the year ended December 31, 2014 from **₱ 142.80 million** for the year ended December 31, 2013, representing an increase of **5%**. This was mainly attributable to the following:

- Increase in salaries and wages from **₱ 29.19 million** for the year ended December 31, 2013, to **₱ 31.97 million** for the year ended December 31, 2014, due mostly to an increase in manpower hired by the company due to the expansion to new areas
- Increase in commission from **₱ 34.00 million** for the year ended December 31, 2013, to **₱ 38.88 million** for the year ended December 31, 2014, due to an increase in the number of sales in the period compared to same period previous year.
- Increase in promotions from **₱ 12.00 million** for the year ended December 31, 2013, to **₱ 13.17 million** for the year ended December 31, 2014, due to higher sales for the year.

Other Income – Net

Other income – net increased to **₱ 12.85 million** for the year ended December 31, 2014 from **₱ 5.73 million** for the year ended December 31, 2013, representing an increase of **124%**. The increase in other income was mainly attributable to increase in interest on past due accounts and forfeited sales for the year.

Tax Expense

Tax expense increased to **₱ 61.87 million** for the year ended December 31, 2014 from **₱ 44.50 million** for the year ended December 31, 2013, representing an increase of **39%**. The increase in tax expense was mainly attributable to higher tax base.

Net Income

The foregoing factors resulted in an increase in net profit to **₱ 144.63 million** for the year ended December 31, 2014 from **₱ 104.42 million** for the year ended December 31, 2013, representing an increase of **39%**.

For the year ended December 31, 2014, there were no seasonal aspects that had a material effect on the financial condition or results of operations of the Company. Neither were there any trends, events or uncertainties that have had or that are reasonably expected to have a material impact on the net sales or revenues or income from continuing operations. The Company is not aware of events that will cause a material change in the relationship between the costs and revenues.

There are no significant elements of income or loss that did not arise from the Company's continuing operations.

IV. NATURE AND SCOPE OF BUSINESS

Golden Haven Memorial Park, Inc., incorporated in November 1982, is one of Philippines' leading developers of memorial parks in the country in terms of land developed. As of the date of this Information Statement, the Company has a total of eight memorial park projects, covering a gross area of 66.7 hectares

spread across various parts of the Philippines, including Las Piñas, Bulacan, Cebu, Cagayan de Oro Iloilo, Nueva Vizcaya, Pampanga, and Zamboanga.

Aside from the development and sale of memorial parks, the Company likewise develops, constructs and operates columbarium facilities. As of the date of this Information Statement, the Company has four existing columbaries within its memorial parks in Las Piñas, Cebu, Cagayan de Oro, and Zamboanga and a 20,000-vault columbarium (the “Ezekiel Columbarium”) located beneath the Santuario de San Ezekiel Moreno, a chapel constructed by the Company along C5 Road, Pulang Lupa, Las Piñas. The company has also opened its first memorial chapel and crematorium facility in beside Santuario de San Ezekiel Moreno in Las Piñas.

The Company prides itself as a developer of ideally located, uniquely designed, and well-maintained memorial parks. The Company believes that accessibility is and remains a key factor in the selection of memorial parks, and each of the Company’s parks is strategically located within a five to 10 kilometer radius from its target communities. Eschewing standardized park designs, the Company’s planners design and develop each memorial park to have its own theme, inspired by Mediterranean, Italian, American or Asian architecture and design motifs. Regimented park maintenance practices also ensure that each memorial park and columbarium developed by the Company will remain a comfortable and calming place to visit.

These same criteria of ideal location, unique designs and strict standards of maintenance and upkeep also ground the development of the Company’s columbaries.

Dividend Policy

Under the Corporation Code, the Company's shareholders are entitled to receive a proportionate share in cash dividends that may be declared by the Board out of the surplus profits derived from operations. The same right exists with respect to a stock dividend declaration, the declaration of which is subject to the approval of shareholders representing at least two-thirds of the outstanding capital stock entitled to vote.

The amount of dividends to be declared will depend on the profits, investment requirements and capital expenditures at that time.

As of December 31, 2016, the Company has not defined a minimum percentage of net earnings to be distributed to its common shareholders. Dividends may be declared only from the Company's unrestricted retained earnings, except when, among others: (i) justified by definite corporate expansion, or (ii) when the Company is prohibited under any loan agreement with any financial institution or creditor, whether local or foreign, from declaring dividends without its consent, and such consent has not been secured, or (iii) when it can be clearly shown that the retention of earnings is necessary under special circumstances obtaining in the Company, its assets and operations, such as when there is a need for special reserves for probable contingencies.

Record Date

Pursuant to existing Philippine SEC rules, cash dividends declared by a company must have a record date not less than 10 nor more than 30 days from the date the cash dividends are declared. With respect to stock dividends, the record date is to be not less than 10 or more than 30 days from the date of shareholder approval, provided however, that the set record date is not to be less than 10 trading days from receipt by the PSE of the notice of declaration of stock dividend. In the event that a stock dividend is declared in connection with an increase in authorized capital stock, the corresponding record date is to be fixed by the Philippine SEC.

Dividends

On 29 December 2015, the Board declared cash dividends in the amount of ₱800 million. On 8 March 2016, the Board, with the approval of the Company's shareholders representing two-thirds of its outstanding capital stock in a special meeting duly called for the purpose and held on the same date, declared stock dividends in the amount of ₱400 million.

Other than the foregoing, the Company has not declared dividends in any form since the time of its incorporation.

VI. COMPLIANCE WITH LEADING PRACTICE ON CORPORATE GOVERNANCE

The Company's Board has adopted a Manual on Corporate Governance on May 26, 2016. The Company's Manual on Corporate Governance describes the terms and conditions by which the Company intends to conduct sound corporate governance practices that are consistent with the relevant laws and regulations of the Republic of the Philippines, and which seek to enhance business transparency and build shareholder value.

Ultimate responsibility and oversight of the Company's adherence to superior corporate governance practices rests with the Board of Directors. As a policy matter, the Board will hold monthly meetings, at which any number of relevant corporate governance issues may be raised for discussion.

Practical oversight of the Company's corporate governance standards is exercised through the Board's three standing committees:

- The Audit Committee is charged with internal audit oversight over all of the Company's business transactions and the effective management of risk.
- The Nomination Committee is charged with ensuring that potential candidates for the Board are fully qualified as well as ensuring that the Board maintains adequate independent membership.
- The Compensation and Remuneration Committee is charged with ensuring that fair and competitive compensation policies are maintained.

The Company is committed to building a solid reputation for sound corporate governance practices, including a clear understanding by its Directors of the Company's strategic objectives, structures to ensure that such objectives are realized, systems to ensure the effective management of risks and the systems to ensure the Company's obligations are identified and discharged in all aspects of its business. Each January, the Company will issue a certification to the Philippines Securities and Exchange Commission and the Philippine Stock Exchange that it has fulfilled its corporate governance obligations.

As of December 31, 2016, there are no known material deviations from the Company's Manual of Corporate governance.

The Company is taking further steps to enhance adherence to principles and practices of good corporate governance.

GOLDEN HAVEN MEMORIAL PARK, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

Golden Haven Memorial Park, Inc. (“GHMPI” or the “Company”) was incorporated in the Republic of the Philippines and registered with the Securities and Exchange Commission (SEC) in November 16, 1982. The Company is presently engaged in the development and sale of memorial lots. Presently, the Company has only one dominant segment. Accordingly, no segment information or disclosure is presented in the financial statements.

The registered office of the Company, which is also its principal place of business, is located at San Ezekiel, C5 Extension, Las Piñas City. Previously, the company’s registered office address was at No. 40 Real St. Zapote, Las Piñas City. On March 8, 2016, the Company’s Board of Directors (BOD) and stockholders approved the change of the Company’s registered office from No. 40 Real St. Zapote, Las Piñas City to San Ezekiel, C5 Extension, Las Piñas City. On March 17, 2016, such change in address was approved by the Securities and Exchange Commission (SEC).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarized below and in the succeeding pages. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 *Basis of Preparation of Financial Statements*

(a) Statement of Compliance with Philippine Financial Reporting Standards

The financial statements of the Company have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). PFRS are adopted by the Financial Reporting Standards Council (FRSC) from the pronouncements issued by the International Accounting Standards Board and approved by the Philippine Board of Accountancy.

The financial statements have been prepared using the measurement bases specified by PFRS for each type of asset, liability, income and expense. The measurement bases are more fully described in the accounting policies in the succeeding pages.

(b) Presentation of Financial Statements

The financial statements are presented in accordance with Philippine Accounting Standard (PAS) 1, *Presentation of Financial Statements*. The Company presents all items of income and expenses and other comprehensive income or loss in a single statement of comprehensive income.

These financial statements were prepared in compliance of the requirements of Securities Regulation Code (SRC) Rule 68, as amended, for statutory filing and in relation to the Company’s planned application for listing of its common shares on the Philippine Stock Exchange (PSE). The Company presents a third statement of financial position as at the beginning of the preceding period when it applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items that has a material effect on the information in the statement of financial position at the beginning of the preceding period.

(c) *Functional and Presentation Currency*

These financial statements are presented in Philippine pesos, the Company's functional and presentation currency, and all values represent absolute amounts except when otherwise indicated.

Items included in the financial statements of the Company are measured using its functional currency. Functional currency is the currency of the primary economic environment in which the Company operates.

2.2 Adoption of New and Amended PFRS

(a) *Effective in 2015 that are Relevant to the Company*

The Company adopted for the first time the following amendment and annual improvements to PFRS, which are mandatorily effective for annual periods beginning on or after July 1, 2014, for its annual reporting period beginning January 1, 2015:

PAS 19 (Amendment)	:	Employee Benefits – Defined Benefit Plans – Employee Contributions
Annual Improvements	:	Annual Improvements to PFRS (2010-2012 Cycle) and PFRS (2011-2013 Cycle)

Discussed below and in the succeeding pages are the relevant information about these amendment and improvements.

- (i) PAS 19 (Amendment), *Employee Benefits– Defined Benefit Plans – Employee Contributions*. The amendment clarifies that if the amount of the contributions to defined benefit plans from employees or third parties is dependent on the number of years of service, an entity shall attribute the contributions to periods of service using the same attribution method (i.e., either using the plan's contribution formula or on a straight-line basis) for the gross benefit. The amendment did not have a significant impact on the Company's financial statements since the Company's defined benefit plan does not require employees or third parties to contribute to the benefit plan.
- (ii) Annual Improvements to PFRS. Annual improvements to PFRS (2010-2012 Cycle) and PFRS (2011-2013 Cycle) made minor amendments to a number of PFRS. Among those improvements, the following amendments are relevant to the Company but had no material impact on the Company's financial statements as these amendments merely clarify the existing requirements:

Annual Improvements to PFRS (2010-2012 Cycle)

- PAS 16 (Amendment), *Property, Plant and Equipment* and PAS 38 (Amendment), *Intangible Assets*. The amendments clarify that when an item of property, plant and equipment and intangible assets is revalued, the gross carrying amount is adjusted in a manner that is consistent with a revaluation of the carrying amount of the asset.
- PAS 24 (Amendment), *Related Party Disclosures*. The amendment clarifies that an entity providing key management services to a reporting entity is deemed to be a related party of the latter. It also clarifies that the information required to be

disclosed in the financial statements are the amounts incurred by the reporting entity for key management personnel services that are provided by a separate management entity and not the amounts of compensation paid or payable by the management entity to its employees or directors.

Annual Improvements to PFRS (2011-2013 Cycle)

- PFRS 13 (Amendment), *Fair Value Measurement*. The amendment clarifies that the scope of the exception for measuring the fair value of a group of financial assets and financial liabilities on a net basis (the portfolio exception) applies to all contracts within the scope of and accounted for in accordance with PAS 39, *Financial Instruments: Recognition and Measurement*, or PFRS 9, *Financial Instruments*, regardless of whether they meet the definition of financial assets or financial liabilities as defined in PAS 32, *Financial Instruments: Presentation*.
- PAS 40 (Amendment), *Investment Property*. The amendment clarifies the interrelationship of PFRS 3, *Business Combinations*, and PAS 40 in determining the classification of property as an investment property or owner-occupied property, and explicitly requires an entity to use judgment in determining whether the acquisition of an investment property is an acquisition of an asset or a group of asset in accordance with PAS 40 or a business combination in accordance with PFRS 3.

(b) Effective in 2015 that are not Relevant to the Company

The following annual improvements to PFRS are mandatory for accounting periods beginning on or after July 1, 2014 but are not relevant to the Company's financial statements:

PFRS (2011-2013 Cycle)

- | | |
|----------------------|--|
| PFRS 3 (Amendment) : | Business Combinations – Scope

(c) Effective Subsequent to 2015 but not Adopted Early

There are new PFRS, amendments and annual improvements to existing standards effective for annual periods subsequent to 2015 which are adopted by the FRSC. Management will adopt the following relevant pronouncements in accordance with their transitional provisions; and, unless otherwise stated, none of these are expected to have significant impact on the Company's financial statements:

- (i) PAS 1 (Amendment), *Presentation of Financial Statements–Disclosure Initiative* (effective from January 1, 2016). The amendment encourages entities to apply professional judgment in presenting and disclosing information in the financial statements. Accordingly, it clarifies that materiality applies to the whole financial statements and an entity shall not reduce the understandability of the financial statements by obscuring material information with immaterial information or by aggregating material items that have different natures or functions. It further clarifies that in determining the order of presenting the notes and disclosures, an entity shall consider the understandability and comparability of the financial statements.
- (ii) PAS 16 (Amendment), *Property, Plant and Equipment*, and PAS 38 (Amendment), *Intangible Assets– Clarification of Acceptable Methods of Depreciation and Amortization* (effective from January 1, 2016). The amendment in PAS 16 clarifies that a depreciation method that is based on revenue that is generated by an activity that includes the use of an asset is not appropriate for property, plant and equipment. In addition, amendment to PAS 38 introduces a rebuttable presumption that an amortization method that is based on the revenue generated by an activity that includes the use of an intangible asset is not appropriate, which can only be overcome in limited circumstances where the intangible asset is expressed as a measure of revenue, or when it can be demonstrated that revenue and the consumption of the economic benefits of an intangible asset are highly correlated. The amendment also provides guidance that the expected future reductions in the selling price of an item that was produced using the asset could indicate an expectation of technological or commercial obsolescence of an asset, which may reflect a reduction of the future economic benefits embodied in the asset.
- (iii) PAS 16 (Amendment), *Property, Plant and Equipment*, and PAS 41 (Amendment), *Agriculture– Bearer Plants* (effective from January 1, 2016). The amendment defines a bearer plant as a living plant that is used in the production or supply of agricultural produce, is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales. On this basis, bearer plant is now included within the scope of PAS 16 rather than PAS 41, allowing such assets to be accounted for as property, plant and equipment and to be measured after initial recognition at cost or revaluation basis in accordance with PAS 16. The amendment further clarifies that produce growing on bearer plants remains within the scope of PAS 41.
- (iv) PFRS 9 (2014), *Financial Instruments* (effective from January 1, 2018). This new standard on financial instruments will eventually replace PAS 39 and PFRS 9 (2009, 2010 and 2013 versions). This standard contains, among others, the following:
 - three principal classification categories for financial assets based on the business model on how an entity is managing its financial instruments;
 - an expected loss model in determining impairment of all financial assets that are not measured at fair value through profit or loss (FVTPL), which generally depends on whether there has been a significant increase in credit risk since initial recognition of a financial asset; and,
 - a new model on hedge accounting that provides significant improvements principally by aligning hedge accounting more closely with the risk management activities undertaken by entities when hedging their financial and non-financial risk exposures.

In accordance with the financial asset classification principle of PFRS 9 (2014), a financial asset is classified and measured at amortized cost if the asset is held within a business model whose objective is to hold financial assets in

order to collect the contractual cash flows that represent solely payments of principal and interest (SPPI) on the principal outstanding. Moreover, a financial asset is classified and subsequently measured at fair value through other comprehensive income if it meets the SPPI criterion and is held in a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets. All other financial assets are measured at FVTPL.

In addition, PFRS 9 (2014) allows entities to make an irrevocable election to present subsequent changes in the fair value of an equity instrument that is not held for trading in other comprehensive income.

The accounting for embedded derivatives in host contracts that are financial assets is simplified by removing the requirement to consider whether or not they are closely related, and, in most arrangements, does not require separation from the host contract.

For liabilities, the standard retains most of the PAS 39 requirements which include amortized cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The amendment also requires changes in the fair value of an entity's own debt instruments caused by changes in its own credit quality to be recognized in other comprehensive income rather than in profit or loss.

Management is currently assessing the impact of PFRS 9 on the financial statements of the Company and it will conduct a comprehensive study of the potential impact of this standard prior to its mandatory adoption date to assess the impact of all changes.

(v) Annual Improvements to PFRS (2012-2014 Cycle) (effective from January 1, 2016). Among the improvements, the following amendments are relevant to the Company but management does not expect these to have material impact on the Company's financial statements:

- PFRS 7 (Amendment), *Financial Instruments – Disclosures*. The amendment provides additional guidance to help entities identify the circumstances under which a contract to “service” financial assets is considered to be a continuing involvement in those assets for the purposes of applying the disclosure requirements of PFRS 7. Such circumstances commonly arise when, for example, the servicing is dependent on the amount or timing of cash flows collected from the transferred asset or when a fixed fee is not paid in full due to non-performance of that asset.
- PAS 19 (Amendment), *Employee Benefits*. The amendment clarifies that the currency and term of the high quality corporate bonds which were used to determine the discount rate for post-employment benefit obligations shall be made consistent with the currency and estimated term of the post-employment benefit obligations.

2.3 Financial Assets

Financial assets are recognized when the Company becomes a party to the contractual terms of the financial instrument. For purposes of classifying financial assets, an instrument is considered as an equity instrument if it is non-derivative and meets the definition of equity for the issuer in accordance with the criteria of PAS 32.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories: financial assets at FVTPL, loans and receivables, held-to-maturity investments and available-for-sale financial assets. Financial assets are assigned to the different categories by management on initial recognition, depending on the purpose for which the investments were acquired.

Regular purchases and sales of financial assets are recognized on their trade date. All financial assets that are not classified as at FVTPL are initially recognized at fair value plus any directly attributable transaction costs. Financial assets carried at FVTPL are initially recorded at fair value and transaction costs related to it are recognized in profit or loss.

The Company's financial assets categorized as loans and receivables are presented as Cash and Cash Equivalents, Contracts Receivable, Due from Related Parties, Other Receivables and Security deposits (under Other Current Assets) in the statement of financial position. Cash and cash equivalents include cash on hand, demand deposits and short-term, highly liquid investments with original maturities of three months or less, readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Company provides money, goods or services directly to a debtor with no intention of trading the receivables. They are included in current assets, except for those with maturities greater than 12 months after the end of each reporting period which are classified as non-current assets.

Loans and receivables are subsequently measured at amortized cost using the effective interest method, less impairment losses, if any. Impairment loss is provided when there is objective evidence that the Company will not be able to collect all amounts due to it in accordance with the original terms of the receivables. The amount of the impairment loss is determined as the difference between the assets' carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred), discounted at the financial asset's original effective interest rate or current effective interest rate determined under the contract if the loan has a variable interest rate.

The carrying amount of the asset shall be reduced either directly or through the use of an allowance account. The amount of the loss shall be recognized in profit or loss.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized (such as an improvement in the debtor's credit rating), the previously recognized impairment loss is reversed by adjusting the allowance account. The amount of the reversal is recognized in profit or loss.

All income and expenses, including impairment losses, relating to financial assets that are recognized in profit or loss are presented as part of Finance Costs or Finance Income under Other Income – Net in the statement of comprehensive income.

Non-compounding interest and other cash flows resulting from holding financial assets are recognized in profit or loss when earned, regardless of how the related carrying amount of financial assets is measured.

The financial assets (or where applicable, a part of a financial asset or part of a group of financial assets) are derecognized when the contractual rights to receive cash flows from the financial instruments expire, or when the financial assets and all substantial risks and rewards of ownership have been transferred to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred

financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

2.4 *Memorial Lot Inventories*

Memorial lot inventories are valued at the lower of cost and net realizable value. The cost of memorial lot inventories includes the acquisition cost of the land (including incidental acquisition costs), construction and development costs and other necessary expenses incurred in bringing the memorial lots ready for sale. The construction and development costs were mainly contracted by the Company from various contractors.

Reacquired memorial lots arising from forfeited or back-out sales are recorded at cost.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.5 *Other Current Assets*

Other current assets pertain to other resources controlled by the Company as a result of past events. They are recognized in the financial statements when it is probable that the future economic benefits will flow to the Company and the asset has a cost or value that can be measured reliably.

Other recognized assets of similar nature, where future economic benefits are expected to flow to the Company beyond one year after the end of the reporting period or in the normal operating cycle of the business, if longer, are classified as non-current assets.

2.6 *Property and Equipment*

Property and equipment are stated at cost less accumulated depreciation, amortization and any impairment in value.

The cost of an asset comprises its purchase price and directly attributable costs of bringing the asset to working condition for its intended use. Expenditures for additions, major improvements and renewals are capitalized; expenditures for repairs and maintenance are charged to expense as incurred.

Depreciation and amortization is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Service vehicle	5 years
Service equipment	5 years
Park maintenance tools and equipment	5 years
Office furniture, fixtures and equipment	3-5 years
System development cost	3-5 years

Leasehold improvements are amortized over their expected useful lives of five years (determined by reference to comparable assets owned) or the term of lease, whichever is shorter.

Fully depreciated and fully amortized assets are retained in the accounts until these are no longer in use and no further charge for depreciation and amortization is made in respect of those assets.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (see Note 2.13).

The residual values, estimated useful lives and method of depreciation of property and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period.

An item of property and equipment, including the related accumulated depreciation, amortization and impairment losses, is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising from derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the year the item is derecognized.

2.7 Investment Properties

Investment properties are properties held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Investment property is measured at cost less any impairment in value (see Note 2.13).

Investment property is derecognized upon disposal or when permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the disposal of investment property is recognized in profit or loss in the period of disposal.

2.8 Financial Liabilities

Financial liabilities, which include trade and other payables [except output value-added tax (VAT) and other tax-related payables], and reserve for perpetual care, are recognized when the Company becomes a party to the contractual terms of the instrument.

All interest-related charges incurred on a financial liability are recognized as an expense in profit or loss under the Other Income– Net in the statement of comprehensive income.

Reserve for perpetual care is recognized upon sale of memorial lots to customers. It represents a portion of the contract price, as indicated in the price list, which depends upon the type of lot and location.

Trade and other payables, and reserve for perpetual care are recognized initially at their fair values and subsequently measured at amortized cost, using effective interest method for those with maturities beyond one year, less settlement payments.

Financial liabilities are classified as current liabilities if payment is due to be settled within one year or less after the end of the reporting period (or in the normal operating cycle of the business, if longer), or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period. Otherwise, these are presented as non-current liabilities.

Financial liabilities are derecognized from the statement of financial position only when the obligations are extinguished either through discharge, cancellation or expiration. The difference between the carrying amount of the financial liability derecognized and the consideration paid or payable is recognized in profit or loss.

2.9 Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the resulting net amount, considered as a single financial asset or financial liability, is reported in the statement of financial position when the Company currently has legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously. The right of set-off must be available at the end of the reporting period, that is, it is not contingent on future event. It must also be enforceable in the normal course of business, in the event of default,

and in the event of insolvency or bankruptcy; and must be legally enforceable for both entity and all counterparties to the financial instruments.

2.10 Provisions and Contingencies

Provisions are recognized when present obligations will probably lead to an outflow of economic resources and they can be estimated reliably even if the timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive commitment that has resulted from past events.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the end of the reporting period, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. When time value of money is material, long-term provisions are discounted to their present values using a pretax rate that reflects market assessments and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

In those cases where the possible outflow of economic resource as a result of present obligations is considered improbable or remote, or the amount to be provided for cannot be measured reliably, no liability is recognized in the financial statements. Similarly, possible inflows of economic benefits to the Company that do not yet meet the recognition criteria of an asset are considered contingent assets, hence, are not recognized in the financial statements. On the other hand, any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognized as a separate asset not exceeding the amount of the related provision.

2.11 Revenue and Expense Recognition

Revenue comprises revenue from the real estate sales and the rendering of services measured by reference to the fair value of consideration received or receivable by the Company for real estate sold and services rendered, excluding VAT and discounts.

Revenue is recognized to the extent that the revenue can be reliably measured; it is probable that future economic benefits will flow to the Company; and, the costs incurred or to be incurred can be measured reliably. In addition, the following specific recognition criteria must also be met before revenue is recognized:

- (a) *Sale of memorial lots* – For financial reporting purposes, the Company recognizes income from sales of memorial lots, which are generally completed and ready for use, using the full accrual method. If the criteria under the full accrual method are not met, the deposit method is applied. Under this method, the cash received from the buyers are shown as Customers' Deposits in the statement of financial position. Revenue and cost related to forfeited or cancelled sales are reversed in the current year as they occur.

For tax reporting purposes, revenue on sale of memorial lots is recognized in full when 25% or more of the contract price is collected within the initial year of sale. Otherwise, revenue is recognized based on the percentage of collection or installment method.

- (b) *Rendering of services (presented as Interment Income)* – Revenue is recognized when the performance of contractually-agreed tasks have been substantially rendered.
- (c) *Interest income* – This is recognized as the interest accrues taking into account the effective yield on the asset.

Cost and expenses are recognized in profit or loss upon receipt of goods or utilization of services or at the date they are incurred. All finance costs are reported in profit or loss on an accrual basis, except capitalized borrowing costs which is included as part of the cost of the related qualifying assets (see Note 2.15)

2.12 Leases – Company as Lessee

Leases which do not transfer to the Company substantially all the risks and benefits of ownership of the asset are classified as operating leases. Operating lease payments (net of any incentive received from the lessor) are recognized as expense in profit or loss on a straight-line basis over the lease term. Associated costs, such as repairs and maintenance and insurance, are expensed as incurred.

The Company determines whether an arrangement is, or contains, a lease based on the substance of the arrangement. It makes an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

2.13 Impairment of Non-financial Assets

The Company's property and equipment, investment properties and other non-financial assets are subject to impairment testing whenever events or changes in circumstances indicate that the carrying amount of these assets may not be recoverable.

For purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, assets are tested for impairment either individually or at the cash-generating unit level.

Impairment loss is recognized in profit or loss for the amount by which the asset's or cash-generating unit's carrying amount exceeds its recoverable amounts which is the higher of its fair value less costs to sell and its value in use. In determining value in use, management estimates the expected future cash flows from each cash-generating unit and determines the suitable interest rate in order to calculate the present value of those cash flows. The data used for impairment testing procedures are directly linked to the Company's latest approved budget, adjusted as necessary to exclude the effects of asset enhancements. Discount factors are determined individually for each cash-generating unit and reflect management's assessment of respective risk profiles, such as market and asset-specific risk factors.

All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

2.14 Employee Benefits

The Company provides post-employment benefits to employees through a defined benefit plan, defined contribution plan and other employee benefits which are recognized as follows:

(a) Post-employment Defined Benefit Plan

A defined benefit plan is a post-employment plan that defines an amount of post-employment benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and salary. The legal obligation for any benefits from this kind of post-employment plan remains with the Company, even if plan assets for funding the defined benefit plan have been acquired. The Company's defined benefit post-employment plan covers all regular full-time employees.

The liability (asset) recognized in the statement of financial position for a defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows for expected benefit payments using a discount rate derived from the interest rates of zero-coupon government bonds as published by Philippine Dealing & Exchange Corp., that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating to the terms of the related post-employment liability.

Remeasurements, comprising of actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions and the losses on the return on plan assets are reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they arise. Net interest is calculated by applying the discount rate at the beginning of the period, taking account of any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest is reported as part of Finance income or Finance costs under Other Income – Net in the statement of comprehensive income.

Past-service costs are recognized immediately in profit or loss in the period of a plan amendment or curtailment.

(b) Post-employment Defined Contribution Plan

A defined contribution plan is a pension plan under which the Company pays fixed contributions into an independent entity (e.g. Social Security System). The Company has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognized in respect of defined contribution plans are expensed as they fall due. Liabilities or assets may be recognized if underpayment or prepayment has occurred and are included in current liabilities or current assets as they are normally of a short-term nature.

(c) Compensated Absences

Compensated absences are recognized for the number of paid leave days (including holiday entitlement) remaining at the end of each reporting period. They are included in Trade and Other Payables account in the statement of financial position at the undiscounted amount that the Company expects to pay as a result of the unused entitlement.

2.15 Borrowing Costs

Borrowing costs are recognized as expenses in the period in which they are incurred, except to the extent that they are capitalized. Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset (i.e., an asset that takes a substantial period of time to get ready for its intended use or sale) are capitalized as part of cost of such asset. The capitalization of borrowing costs commences when expenditures for the asset and borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalization ceases when substantially all such activities are complete.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

2.16 Income Taxes

Tax expense recognized in profit or loss comprises the sum of deferred tax and current tax not recognized in other comprehensive income or directly in equity, if any.

Current tax assets or liabilities comprise those claims from, or obligations to, fiscal authorities relating to the current or prior reporting period, that are uncollected or unpaid at the end of the reporting period. They are calculated using the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognized as a component of tax expense in profit or loss.

Deferred tax is accounted for using the liability method, on temporary differences at the end of the reporting period between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Under the liability method, with certain exceptions, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and the carryforward of unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilized. Unrecognized deferred tax assets are reassessed at the end of each reporting period and are recognized to the extent that it has become probable that future taxable profit will be available to allow such deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled provided such tax rates have been enacted or substantively enacted at the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Most changes in deferred tax assets or liabilities are recognized as a component of tax expense in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if the Company has a legally enforceable right to set-off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

2.17 Equity

Capital stock represents the nominal value of shares that have been issued.

Revaluation reserves comprise gains and losses arising from remeasurements of post-employment defined benefit plan.

Retained earnings represent all current and prior period results of operations as reported in the profit or loss section of the statement of comprehensive income, reduced by the amount of dividends declared.

2.18 Related Party Relationships and Transactions

Related party transactions are transfers of resources, services or obligations between the Company and its related parties, regardless whether a price is charged.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These parties include: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with the Company; (b) associates; (c) individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company and close members of the family of any such individual; and, (d) the Company's funded retirement plan.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely on the legal form.

2.19 Earnings Per Share

Basic earnings per share (EPS) is determined by dividing the net profit for the period attributable to common shareholders by the weighted average number of common shares issued and outstanding during the period (see Note 18).

Diluted EPS is computed by adjusting the weighted average number of ordinary shares outstanding to assume conversion of potential dilutive shares.

2.20 Events After the End of the Reporting Period

Any post-year-end event that provides additional information about the Company's financial position at the end of the reporting period (adjusting event) is reflected in the financial statements. Post-year-end events that are not adjusting events, if any, are disclosed when material to the financial statements.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the Company's financial statements in accordance with PFRS requires management to make judgments and estimates that affect the amounts reported in the financial statements and related notes. Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may ultimately differ from these estimates.

3.1 Critical Management Judgments in Applying Accounting Policies

In the process of applying the Company's accounting policies, management has made the following judgments, apart from those involving estimation, which have the most significant effect on the amounts recognized in the financial statements:

(a) Distinction Between Investment Properties and Owner-managed Properties

The Company classifies its acquired properties as Property and Equipment if used in operations, and as Investment Property if the Company intends to hold the properties for capital appreciation.

(b) Distinction Between Operating and Finance Leases

The Company has entered into various lease agreements. Critical judgment was exercised by management to distinguish the lease agreement as either an operating or a finance lease by looking at the transfer or retention of significant risk and rewards of ownership of the properties covered by the agreement. Failure to make the right judgment will result in either overstatement or understatement of assets and liabilities.

Management has assessed that its existing lease agreements at the end of each reporting period qualifies under operating lease.

(c) Recognition of Provisions and Contingencies

Judgment is exercised by management to distinguish between provisions and contingencies. Policies on recognition of provisions and contingencies are discussed in Note 2.10 and relevant disclosures are presented in Note 19.

3.2 Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period:

(a) Recognition of Revenue from Sale of Memorial Lots

The Company uses certain percentage benchmark based on collection in determining whether to recognize any revenue from the sale of memorial lots under full accrual method. Management believes that the revenue recognition criteria is appropriate based on the Company's collection history from its customers. Buyer's interest in the property is considered to have been vested when the payment threshold for each type of inventory lot has been received from the buyer and the Company has ascertained the buyer's commitment to complete the payment of the total contract price over the remaining collection period.

(b) Impairment of Contracts and Other Receivables

Adequate amount of allowance for impairment is provided for specific and groups of accounts, where objective evidence of impairment exists. The Company evaluates the amount of allowance for impairment based on available facts and circumstances affecting the collectibility of the accounts, including, but not limited to, the length of the Company's relationship with the counterparties (including related party), the counterparties current credit status, average age of accounts, collection experience and historical loss experience. The methodology and assumptions used in estimating future cash flows are reviewed regularly by the Company to reduce any difference between loss estimate and actual loss experience.

The carrying values of contracts receivable and other receivables are shown in Note 5. Based on management's assessment, there were no impairment losses required to be recognized on contracts receivable and other receivables in period ended September 30, 2016 and 2015.

(c) Determination of Net Realizable Value of Memorial Lot Inventories

In determining the net realizable value of memorial lot inventories, management takes into account the most reliable evidence available at the time the estimates are made. Future realization of the carrying amounts of memorial lots, which is affected by future price

changes, is considered a source of estimation uncertainty and may cause significant adjustments to the carrying amounts of the Company's memorial lots within the next reporting period. The carrying amounts of the existing memorial lot inventories classified per park creation are disclosed in Note 6.

(d) Estimation of Useful Lives of Property and Equipment

The Company estimates the useful lives of property and equipment based on the period over which the assets are expected to be available for use. The estimated useful lives of property and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

The carrying amounts of property and equipment are analyzed in Note 7. Based on management's assessment, as at September 30, 2016 and December 31, 2015, there is no change in the estimated useful lives of those assets during those years. Actual results, however, may vary due to changes in estimates brought about by changes in factors mentioned above.

(e) Fair Value Measurement of Investment Properties

The Company's investment properties composed of land are carried at cost at the end of the reporting period. In addition, the accounting standards require the disclosure of the fair value of the investment properties. In determining the fair value of these assets, the Company engages the services of professional and independent appraiser applying the relevant valuation methodologies.

For investment properties with appraisal conducted prior to the end of the current reporting period, management determines whether there are significant circumstances during the intervening period that may require adjustments or changes in the disclosure of fair value of those properties.

A significant change in the beginning inputs and sources of information of the fair value disclosed for those assets may result in adjustment in the carrying amount of the assets reported in the financial statements if the fair value will indicate improvement.

(f) Determination of Realizable Amount of Deferred Tax Assets

The Company reviews its deferred tax assets at the end of each reporting period and reduces the carrying amount to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Management assessed that the deferred tax assets (offset against deferred tax liabilities) recognized as at September 30, 2016 and December 31, 2015, will be fully utilized in the coming years.

(g) Impairment of Non-financial Assets

In assessing impairment, management estimates the recoverable amount of each asset or a cash-generating unit based on expected future cash flows and uses an interest rate to calculate the present value of those cash flows. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate (see Note 2.13). Though management believes that the assumptions used in the estimation of fair values reflected in the financial statements are appropriate and reasonable, significant changes in these assumptions may materially affect the assessment of recoverable values and any resulting impairment loss could have a material adverse effect on the results of operations.

In the period ended September 30, 2016 and 2015, no impairment losses were recognized on property and equipment, investment properties and other non-financial assets (see Notes 7, 8 and 9, respectively).

(b) *Valuation of Post-employment Defined Benefit Obligation*

The determination of the Company's obligation and cost of post-employment defined benefit plan is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions include, among others, discount rates and salary increase rate. A significant change in any of these actuarial assumptions may generally affect the recognized expense, other comprehensive income or losses and the carrying amount of the post-employment benefit obligation in the next reporting period.

4. CASH ON-HAND AND IN-BANKS

Cash on-hand and in-bank amounted to P494,997 thousand as of September 30, 2016. Cash in banks generally earn interest based on daily bank deposit rates. The total interest income earned amounted to P1,132 thousand and P449 thousand on September 30, 2016 and 2015, respectively, and is presented as part of Finance income under Other Income – Net in the statements of comprehensive income (see Note 14.1).

5. CONTRACTS AND OTHER RECEIVABLES

5.1 *Contracts Receivable*

This account is composed of the following:

	<i>(in thousands)</i>
Current	P527,294
Non-current	979,260
	<u>P1,506,554</u>

Contract receivable with maximum term of five years have an annual effective interest rate of 6% to 15%. Interest income related to this account of P16,925 thousand and P15,370 thousand on September 30, 2016 and 2015, respectively, are reported under Revenues in the statements of comprehensive income.

All of the Company's contracts receivable have been reviewed for indicators of impairment. However, no receivables were found to be impaired.

The Company's contracts receivable are effectively collateralized by the memorial lots sold to the buyers considering that the title over the right in the memorial lots will only be transferred upon full payment.

5.2 *Other Receivables*

Other receivable amounted to P30,849 thousand and P29,903 thousand as of September 30, 2016 and December 31, 2015, respectively. These comprise mostly advances to suppliers of construction and development projects and short-term non-interest bearing advances to employees, which are collected either through salary deduction or cash. All of the Company's other receivables have been reviewed for indicators of impairment. However, no receivables were found to be impaired as of September 30, 2016 and December 31, 2015.

6. MEMORIAL LOT INVENTORIES

Memorial lots inventories consist of acquisition costs of the land, construction and development costs other necessary costs incurred in bringing the memorial lots ready for sale.

6.1 *Memorial Lots*

The breakdown of the Company's memorial lot inventories per branch are shown below.

	<i>(in thousands)</i>
San Ezekiel	₱222,193
Cebu	120,018
Bulacan	57,943
Zamboanga	52,665
Iloilo	35,127
Las Piñas	33,110
Cagayan de Oro	24,996
Lots for sale and development	546,052
Reserve for land development cost	(158,254)
	<u>₱387,797</u>

Which are composed of:

	<i>(in thousands)</i>
Cost of land	₱67,893
Construction and development cost	319,905
	<u>₱387,797</u>

As at September 30, 2016 the Company opened additional lots and vaults amounting to P121 million in San Ezekiel, Cebu, Iloilo, Cagayan de Oro, Zamboanga and Bulacan. As at December 31, 2015, the Company opened additional lots inventory amounting to P60 million in Zamboanga.

On December 31, 2015, certain parcels of land previously classified as investment properties which amounted P8 million were reclassified to Memorial Lot Inventories due to change in use and intention for the asset (see Note 8).

Reserve for land development cost pertains to estimated costs of developing the memorial lots.

6.2 *Cost of Memorial Lots Sold*

The details of cost of memorial lots sold are shown below.

	<i>(in thousands)</i>
Memorial lot inventories at beginning of year – net	₱217,770
Additions and lot improvements	398,771
Memorial lots inventories at end of September- net	(387,797)
	<u>₱228,744</u>

7. PROPERTY AND EQUIPMENT

The gross carrying amounts and accumulated depreciation and amortization of property and equipment at the end of September 30, 2016 are shown in the succeeding page.

	Leasehold Improvements	Service Vehicle	Service Equipment	Park Maintenance Tools and Equipment	Office Furniture, Fixture and Equipment	System Development Cost	Construction in Progress	Total
September 30, 2016								
Cost	P6,167	P30,556	P8,292	P16,560	P22,277	P3,890	P66,312	P154,054
Accumulated depreciation and amortization	(4,204)	(22,043)	(4,746)	(13,589)	(15,897)	(3,488)	–	(63,967)
Net Carrying Amount	P1,963	P8,513	P3,547	P2,971	P6,380	P402	P66,312	P90,088

Depreciation and amortization expense is included as part of Other Operating Expenses account in the statements of comprehensive income (see Note 13.2).

Certain fully depreciated assets with acquisition costs of P13.3 million as of September 30, 2016 and December 31, 2015 are still being used in operations.

8. INVESTMENT PROPERTIES

The changes to the carrying amounts of investment properties as presented in the statements of financial position are as follows:

	<i>(in thousands)</i>
Balance at beginning of year	P41,335
Additions	17,527
Balance at end of period	P58,862

The Company's investment properties consist mainly of land. Certain investment properties totaling P8 million in 2015 was reclassified to Memorial Lot Inventories due to change in management intention for the said properties (see Note 6.1). There are no reclassification to memorial lot inventories for the period ended September 30, 2016. Management no longer intends to hold the properties for capital appreciation but rather as memorial lots for development and for sale. No gain or losses were recognized during the transfer since the investment properties are measured at cost.

Management has assessed that there were no significant circumstances during the reporting periods that may indicate impairment loss on the Company's investment properties.

On March 17, 2016, the SEC approved the increase in the authorized capital stock of the company from P20,000,000 divided into 200,000 common shares with par value of P100.00 per share, or an aggregate par value of P20,000,000, to P1,000,000,000 divided into: (i) 996,000,000 common shares with par value of P1.00 per share, or an aggregate par value of P996,000,000; and (ii) 400,000,000 preferred shares with par value of P0.01 per share, or an aggregate par value of P4,000,000.

On March 8, 2016, the Company declared stock dividends in the aggregate amount of P400 million, payable out of the unrestricted retained earnings of the Company as of December 31, 2015. The shares were issued on March 17, 2016.

On June 9, 2016, PSE approved the initial listing of up to 494,117,649 common shares under the Main Board of the Exchange, with the following details:

- a) 420,000,000 common shares, representing the total number of issued and outstanding shares of the Company prior to the Initial Public Offering (IPO) of the Company's shares
- b) Up to 74,117,647 common shares, representing the total number of shares to be offered to the public on a primary basis with an Offer Price of up to P10.62 per Offer Share.

Based on the Company's IPO pricing, it was determined that the Offer Price will be at P10.50.

On June 14, 2016, the SEC issued the Order of Registration and Certificate of Permit to Offer Securities for the registration and offer for sale to the public of up to 494,117,649 common shares. The sale of up to 74,117,647 common shares shall be offered and sold by way of a primary offering at an offer price of up to P 10.50.

On June 29, 2016, the Company was officially listed in the Main Board of the Philippine Stock Exchange under the ticker "HVN". The offer shares of 74,117,647 were priced at P10.50/share at the initial public offering.

Preferred Shares

The preferred shares of the company are voting, non-cumulative, non-participating, non-convertible, and non-redeemable.

17.2 Revaluation Reserves

As of September 30, 2016 and December 31, 2015, the Company has accumulated actuarial losses, net of tax, due to remeasurement of post-employment defined benefit plan amounting to P2.5 million.

17.3 Retained Earnings

On January 29, 2016, the BOD approved the reversal of the appropriated retained earnings of P400,000 thousand to unappropriated retained earnings to be made available for stock dividend declaration. The stock dividend of P400 million was declared on March 8, 2016 and was distributed following the SEC approval of the capital increase on March 17, 2016 (See Note 17.1).

On December 29, 2015, the BOD approved the declaration of cash dividends of P4,000 per common share or a total of P800.0 million, payable to stockholders of record as of the date of declaration. The balance of dividends payable amounting to P650.0 million, net of advances set-off amounting to P150.0 million (see Note 16.1), was presented as Dividends Payable in the statement of financial position as at December 31, 2015. The dividends payable was fully paid on May 19, 2016. There was no similar transaction in 2014 and 2013.

The BOD approved an appropriation of retained earnings of P940,000 thousand and P40,000 thousand in 2014 and 2013, respectively, for additional capital expansion, which will be completed within the next three years. In 2015, the BOD approved the reversal of a portion of appropriated retained earnings amounting to P660,000 thousand.

18. EARNINGS PER SHARE

The basic and diluted earnings per share were computed as follows:

Net profit (in thousands)	P135,460
Divided by the weighted number of outstanding common shares (in thousands)	332,428
Basic and diluted earnings per share	<u>P0.41</u>

The Company has no dilutive potential common shares as at September 30, 2016; hence, diluted earnings per share equals the basic earnings per share.

19. COMMITMENTS AND CONTINGENCIES

19.1 Operating Lease Commitments

The Company is a lessee under non-cancellable operating lease agreements for its office spaces. The leases have terms ranging from three to five years with renewal options upon mutual written agreement between the parties, and include annual escalation in rental rates.

The total rentals from this operating lease amounted to P2,717 thousand and P1,692 thousand on September 30, 2016 and 2015, respectively, of which the major portion is shown as Rentals under Other Operating Expenses in the statements of comprehensive income (see Note 13.2).

19.2 Others

There are other commitments and contingent liabilities that arise in the normal course of the Company's operations, which are not reflected in the financial statements. Management is of the

opinion that losses, if any, from these events and conditions will not have material effects on the Company's financial statements.

20. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to a variety of financial risks which result from both its operating and investing activities. The Company's risk management focuses on actively securing the Company's short to medium-term cash flows by minimizing the exposure to financial markets. Long-term financial investments are managed to generate lasting returns.

The Company does not engage in the trading of financial assets for speculative purposes nor does it write options. The significant financial risks, unless otherwise stated, to which the Company is exposed to are described below and in the succeeding pages.

20.1 Interest Rate Risk

Currently, the Company has no material financial assets and financial liabilities with floating interest rates.

20.2 Credit Risk

The Company operates under sound credit-granting criteria wherein credit policies are in place. These policies include a thorough understanding of the customer or counter-party as well as the purpose and structure of credit and its source of repayment. Credit limits are set and monitored to avoid significant concentrations to credit risk. The Company also employs credit administration activities to ensure that all facets of credit are properly maintained.

The Company continuously monitors defaults of customers and other counterparties, identified either individually or by group, and incorporates this information into its credit risk controls. The position and credit limits are established appropriate to the type, nature and volume of business undertaken and the financial status of the counterparty and reviewed on a regular basis. Where available at a reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets as shown on the statements of financial position are summarized below.

Other receivables	30,849	—	—	—	—	—

Cash in banks are insured by the Philippine Deposit Insurance Commission up to a maximum coverage of P500,000 for every depositor per banking institution. Also, the Company's contracts receivable are effectively collateralized by memorial lots. Other financial assets are not secured by any collateral or other credit enhancements.

All contracts receivable are subject to credit risk exposure. However, the Company does not identify specific concentrations of credit risk with regard to contracts receivable as the amounts recognized resemble a large number of receivables from various customers and is not exposed to any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

The due from related parties are considered negligible since the counterparties are in good financial condition.

20.3 Liquidity Risk

The Company manages its liquidity needs by carefully monitoring cash outflows due in a day-to-day business. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on the basis of a rolling 30-day projection. Long-term liquidity needs for a 6-month and one-year period are identified monthly.

The Company maintains cash to meet its liquidity requirements for up to 60-day periods. Excess cash are invested in time deposits or short-term placements.

21. CATEGORIES AND OFFSETTING OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

21.1 Carrying Amounts and Fair Values by Category

See Notes 2.3 and 2.8 for a description of the accounting policies for each category of financial instrument. A description of the Company's risk management objectives and policies for financial instruments is provided in Note 20.

21.2 Offsetting of Financial Assets and Financial Liabilities

Except as more fully described in Notes 16 and 17, the Company has not set-off financial instruments on September 30, 2016 and 2015 and does not have relevant offsetting arrangements. Currently, all other financial assets and financial liabilities are settled on a gross basis; however, each party to the financial instrument (particularly related parties) will have the option to settle all such amounts on a net basis in the event of default of the other party through approval by both parties' BOD and stockholders. As such, the Company's outstanding receivables from and payables to the same related parties as presented in Note 16 can be potentially offset to the extent of their corresponding outstanding balances.

22. FAIR VALUE MEASUREMENT AND DISCLOSURES

22.1 Fair Value Hierarchy

In accordance with PFRS 13, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and,
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

As of September 30, 2016 and December 31, 2015, the Company has no financial assets or financial liabilities that are measured at fair value.

22.2 Fair Value Measurement for Non-financial Assets

The Company's investment properties amounting to P58,862 thousand and P41,335 thousand are categorized under level 3 hierarchy of non-financial assets measured at cost as of September 30, 2016 and December 31, 2015, respectively.

23. CAPITAL MANAGEMENT OBJECTIVES, POLICIES AND PROCEDURES

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern and to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Company sets the amount of capital in proportion to its overall financing structure, i.e., equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on the basis of the carrying amount of equity as presented in the statements of financial position. Capital for the reporting periods under review is summarized as follows:

Total interest-bearing loans (in millions)	501,229
Total adjusted equity (in millions)	<u>1,276,648</u>
Debt-to-equity ratio	<u><u>0.39 : 1.00</u></u>

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS COVERING 9-MONTHS OF 2016 VS. 9-MONTHS OF 2015

Revenues

Real estate sales

The Company recorded **₱ 570,235 thousand** in real estate sales for the 9-months of 2016, a **20%** increase from **₱ 474,956 thousand** from the same period in 2015. The growth was mainly attributable to the increase of sales of columbarium vaults and memorial lots.

Interment income

There was a **28%** increase in income from interment services, to **₱ 20,178 thousand** in 9-months of 2016 from **₱ 15,789 thousand** in the same period 2015. The increase was attributable to the increase in the number of services rendered in 9-months 2016, compared to 2015.

Interest income on contract receivables

Income from interest on contract receivables increased by **10%**, to **₱ 16,925 thousand** in 9-months of 2016 from **₱ 15,370 thousand** in 9-months of 2015. The increase is due to the increase in the sales or account recorded for the 9-months of 2016 compared to the same period previous year.

Costs and Expenses

Costs of sales and services

The **13%** increase in cost of sales and services to **₱ 238,193 thousand** in 9-months of 2016 from **₱210,389 thousand** in 9-months 2015, was due to the increase of sales and services for the period.

Other operating expenses

An increase of **21%** in other operating expenses to **₱ 189,834 thousand** in 9-months 2016 from **₱156,944 thousand** in 9-months of 2015 was mainly due to the following:

- Increase in salaries and wages from **₱ 31,890 thousand** in 9-months of 2015 to **₱ 43,457 thousand** in 9-months of 2016 due mostly to an increase in manpower hired by the company due to the expansion to new areas
- Increase in commission from **₱ 36,720 thousand** in 9-months of 2015 to **₱ 45,559 thousand** in 9-months of 2016 due to an increase in sales for the period compared to same period previous year.
- Increase in taxes and licenses from **₱ 1,581 thousand** in 9-months of 2015 to **₱ 9,569 thousand** in 9-months of 2016 due to the taxes and registration fees related to the Company's bilateral loan.

Other Income-net

Other income-net increased by **7%** to **₱ 14,202 thousand** in 9-months of 2016 from **₱ 13,256 thousand** in 9-months of 2015. This was due to a parallel increase in sales forfeitures and other fees normally brought about by the higher sales recorded for 9-months of 2016 compared to 9-months of 2015.

Tax Expense

The Company's tax expense increased by **27%**, to **₱ 58,054 thousand** for 9-months of 2016 from **₱ 45,611 thousand** for 9-months of 2015. This was attributable to the higher taxable income base in 9-months of 2016 compared to the same period from the previous year.

Net Income

As a result of the movements above, total net profits increased by **27%**, to **₱ 135,460 thousand** from **₱ 106,427 thousand** recorded in 9-months of 2015.

For the 9-months of 2016, there were no seasonal aspects that had a material effect on the financial condition or results of the operations of the Company. Neither were there any trends, events, or uncertainties that have had or are reasonably expected to have a material impact on the net sales or revenues or income from continuing operations. The Company is not aware of events that will cause a material change in the relationship between the costs and the revenues.

There are no significant elements of income or loss, which arise from the Company's continuing operations.

FINANCIAL CONDITION AS OF SEPTEMBER 30, 2016 VS. DECEMBER 31, 2015

At the end of 9-months of 2016, total assets totaled to **₱ 2,669,769 thousand**, increased by **49%** from **₱ 1,787,099 thousand** recorded as of December 31, 2015, due to the following:

- Tax Expense increased by **27%**, from **₱ 45,611 thousand** for 9-months of 2015 to **₱ 58,054 thousand** for 9-months of 2016 due to a higher taxable income in 9-months of 2016 compared to the same period from previous year.
- Overall Net Profit grew by **27%**, from **₱ 106,427 thousand** for 9-months of 2015 to **₱ 135,459 thousand** for 9-months of 2016 primarily due to higher sales recorded with the opening of expansion projects.

There are no other material changes on the Company's financial position and condition that will warrant a more detailed discussion. Further, there are no material events and uncertainties known to management that would impact or change reported financial information and condition on the Company.

COMMITMENTS AND CONTINGENCIES

The Company is a lessee under non-cancellable operating lease agreements for its office spaces. The leases have terms ranging from three to five years with renewal options upon mutual written agreement between the parties, and include annual escalation in rental rates.

There are other commitments and contingent liabilities that arise in the normal course of the Company's operations, which are not reflected in the financial statements. Management is of the opinion that losses, if any, from these events and conditions will not have material effects on the Company's financial statements.
